B.S. Degree in Criminal Justice

The Hilbert criminal justice baccalaureate degree is a four-year program which provides students with a solid base of knowledge and skills for service in various criminal justice fields. This degree gives students a broad liberal arts knowledge base and an understanding of the conceptual, organizational and practical dimensions of various criminal justice fields and agencies. Basic written and oral communications, problem solving, and critical thinking are the skills which are developed in the Criminal Justice Program.

A.A. Degree in Criminal Justice

The Hilbert associate in arts degree in criminal justice is a two-year program designed to prepare graduates in the criminal justice areas of police work, courts, probation, parole, youth counseling, retail security, and private security. It also serves to prepare you for a career in law areas allied with the various enforcement fields. The program is designed for in-service personnel as well as for persons wishing to prepare for service in the criminal justice fields.

Established Career Paths

A criminal justice professional has many career paths from which to choose. The public sector includes federal, state and local agencies which comprise the fields of law enforcement, probation, corrections, investigation, and special services. The private sector offers career opportunities in corporate security and administration.

The Hilbert Criminal Justice Program is designed to prepare graduates for employment opportunities that require the bachelor’s degree for entry. The program can also serve as a preparation for graduate work in criminal justice, law, counseling, public administration or more technical areas concerned with organizational and white-collar crime.
