DRUG FREE COLLEGE PROGRAM

A. College Drug and Alcohol Policy

As part of its mission and objectives, Hilbert College is committed to providing all students, faculty, and staff with a safe, healthful and pleasant environment in which to study and work. Part of this commitment is that the College will be completely free from the presence and adverse effects of illegal drugs and unauthorized use of alcohol.

This Program was developed to accomplish the above objective and to comply with the College's legal obligation. The Higher Education Amendment of the Drug-Free Schools and Communities Act of 1989 require that all institutions of higher education prevent the unlawful possession, use, or distribution of illicit drugs and alcohol by students and employees. Similarly, the Drug-Free Workplace Act of 1988 requires federal contractors and recipients of federal grants to maintain a drug-free environment. The above laws require that Hilbert College adopt and implement certain mandatory rules of conduct, and strictly enforce these rules by disciplinary measures.

Each student, faculty, and staff member is personally responsible to ensure his or her compliance with all rules, procedures and other requirements that are mandated by the College. The Rules of Conduct and the Student Alcohol and Drug Policy contained in this program are no different in this regard. If any student, faculty, or staff member has a problem with drug or alcohol dependency which could lead to a violation of the Rules of Conduct and result in disciplinary action, he or she must do what is necessary to see that a violation does not occur. If professional treatment or other outside assistance is needed to help resolve the dependency problem, it is the responsibility of the student, faculty, or staff member to obtain such assistance and work toward a successful resolution of the problem. The Counseling Office is available to provide information and confidential, professional referrals to students who conscientiously request such assistance. The Employee Assistance Program is available to members of the faculty and staff who require assistance. If assistance is desired or questions arise concerning any drug or alcohol related matter, contact should be made with the Director of Counseling. Inquiries will be kept confidential.

D. Rules of Conduct and Discipline - Employees

Hilbert College expects and demands a drug-free workplace and strictly prohibits the unlawful manufacture, distribution, dispensing, possession or use of a controlled substance by any employee while on duty. Employees in violation of this policy will face serious penalties including possible immediate discharge and/or mandatory participation in a drug abuse assistance or rehabilitation program approved for such purposes by a federal, state or local health, law enforcement or other appropriate agency.

E. Physical Effects of Drugs and Alcohol

All students are encouraged to learn more about the problems of drugs and alcohol including the serious threat these substances pose to health and safety, how to spot the signs of dependency and abuse, and ways of dealing with dependency and abuse. Hopefully, an awareness of these harmful side effects will discourage use of alcohol and drugs and will also help in identifying others who may be users in order that assistance can be offered and obtained.

F. Assistance to Students

Any student, or recovering, student who would like to discuss an alcohol or drug related problem may contact the Director of Counseling. Your discussion will be kept confidential. In addition, any student desiring professional treatment or outside assistance to help resolve a dependency problem may contact any related community organization.

G. Policy Regarding Alcohol at Campus Events

The following outlines the “policy”/procedures for the “serving” of alcohol at “controlled” events on the Hilbert College campus. A “controlled” event is defined as one sponsored by a specific group of faculty/staff for a predetermined amount of time with a predetermined, and

self-provided, amount of beer and/or wine. These events must have an approved “party permit” from the Office of Student Life.

In accord with this definition, “serving” will mean the storing of the beer/wine in the food service cooler for up to 24 hours prior to the event and the providing of glasses, ice, and “service/storage” device (e.g., bowl, etc.). The members of the group will, unless otherwise requested, bear total responsibility for the dispensing of the beer/wine among themselves.

A party is defined as a social gathering of 6 or more persons with alcoholic beverages present. An individual or organization wishing to host a party must register the event with the Student Life Office one week prior to the event.

Any event on campus which includes alcohol is subject to the following guidelines:

1. The individual or organization representative registering the party must complete the Party Registration form and have it approved by the appropriate official in the Student Life Office by the end of office hours one week prior to the event.
2. A \$50.00 damage/clean-up deposit payable to the Student Life Office will be required. This deposit is fully refundable provided there are no problems in connection with the party and the area is restored to normal condition.
3. Publicity and advertising for approved events shall avoid any reference (either written or illustrated) to alcoholic beverages or alcohol consumption.
4. The individual(s) or organization(s) registering the party may not sell alcoholic beverages.
5. The individual(s) or organization(s) registering the party is responsible for enforcing all College policies and applicable laws.
6. Adequate amounts of non-alcoholic beverages and food must be prominently available and equally accessible throughout the duration of the event.
7. Visibly intoxicated persons may not be served.
8. Hilbert College Food Service and/or their agents will serve as monitors of identification and servers of alcoholic beverages. No persons other than Hilbert College Food Services and/or their agents will serve in these capacities.
9. Open containers may not leave the designated party area.
10. Visitors to Hilbert College are obligated to follow the rules and regulations of the Alcohol and Drug Policy. Violators may be expelled from Hilbert College property.
11. The number of persons at an event shall not exceed the capacity of the designated area.
12. All parties must have an established ending time to be determined by the Office of Student Life or the applicable state or local law.
13. All trash must be removed from the designated area and adjoining areas, and the area must be restored to its normal condition.
14. In the event damage is done by a guest of those responsible for the party in the designated area or any other area of the campus including the grounds, the responsible party agrees to accept complete financial responsibility.
15. All guests must be properly identified as to age and alcoholic beverages will only be served to those persons appropriately identified and of legal age.
16. In the event that Hilbert College personnel deem that it is necessary to provide additional Hilbert College Campus Safety officers to assist with the event, the individual(s) or organization sponsoring the event will be responsible for this cost.

This policy is in furtherance of the College's policy to provide a campus and workplace free of illicit drugs and unauthorized alcohol. It is also designed to comply with applicable laws. This program may be changed or amended as the College deems appropriate or to comply with any changes in applicable laws.

Note: If alcohol is to be made available for purchase at any event held on Hilbert College, a temporary beer and wine permit must be issued by the New York State Liquor Authority. Applications for the permit are available in the Office of Student Life and require at least 15 business days for processing. There is a charge for this permit which must be paid by the club/organization sponsoring the event.

□ **NEW YORK STATE PENAL LAW**

Article 220 and 221 of the Penal Law are directly aimed at unlawful traffic in mind-affecting drugs. They are compatible with the Public Health Law and provisions of the latter are often cross-referenced in the Penal Law Sections that deal with the different drugs.

Article 220 and 221 set criminal penalties for possession or sale of drugs considered harmful or subject to abuse. The seriousness of the offense and penalty imposed upon conviction depends upon the individual drug and amount held or sold. The table of penalties in this publication was derived from those statutes.

Marijuana has been placed in Article 221 and separately dealt with in the Penal Law, as a result of the Marijuana Reform Act of 1977. That statute made the penalties upon conviction of use of small amounts of marijuana less severe than formerly.

Specific sections of interest in Article 220 not included in the table follow:

Section 220.44- Makes a sale of controlled substance on or near school grounds, to a person less than 19 years of age, a Class B felony.

Section 220.45- Makes criminal possession of a hypodermic instrument a Class A misdemeanor.

Section 220.46- Makes criminal injection of another person with a narcotic drug, with consent of that person, a Class E felony.

Section 220.50- Bans possession or sale of drug paraphernalia; deals with things that dilute drugs, like dextrose or mannite, and gelatin capsules, plastic envelopes, etc., considered commercial preparation materials (Class A misdemeanor)

Section 220.60- Makes criminal possession of certain "precursors" of controlled substances used in their preparation of manufacture, but not the drugs themselves, a Class E felony (for example, ergot or dissimilate).

Revised 6/1/2012

It is important to be aware that under the Penal Law, a gift or drugs, including marijuana, is treated as a sale.

New York State Penal Law defines a misdemeanor as a crime punishable by imprisonment for more than 15 days but no more than one year. A felony is a crime punishable by imprisonment for more than one year.

□ **NEW YORK LAW: ILLEGAL SALE OR POSSESSION OF ALCOHOL**
