

HILBERT COLLEGE
Department of Forensic Science/Crime Scene Investigation

The Forensic Science/Crime Scene Investigation Department plans to offer FS/CSI Internship positions during the **SPRING 2019** semester. The positions are open to **pre-service, full-time, FS/CSI majors only**.

The following criteria must be met by applicants by December 2018.

1. Must have completed 90 credit hours by December 2018
2. Must have a cumulative QPA of 3.00
3. Must have a QPA of 3.00 in Forensic Science classes
4. Must have completed a minimum of 6 Forensic Science classes
5. Must have an interview with the internship instructor
6. Must have faculty recommendation (signed at bottom of this form)

The course (FS 499) grants 3 credit hours upon satisfactory completion.

Requirements include: One full day (8 hours) at the site or agency for a total of 120 hours and one seminar class at Hilbert for 75 minutes per week. Completion of a log/journal and agency workbook will be the basis for a self-assessment and issue paper outlining your experience.

Those interested, that can meet the above criteria, should fill in this form and return it to the office of Mary Ann Hobar, Room #176 (Bogel Hall) by **Thursday, October 4, 2018**.
